Dear Madam,

PROVISION FOR HARMONISATION OF SALARY STRUCTURE FOR PUBLIC UNIVERSITIES FOR FY 2024/2025

I write to refer to your letter addressed to University Secretaries, COM: 006/293/02 VOL 151, in which the government committed UGX 61,137,083,960 for salary harmonization across public universities in the Financial Year 2024/2025. The letter included an attachment detailing the specific allocation for each university. (***See atachement1***)

While many universities have engaged their unions to agree on the distribution of these funds for salary harmonization, Kyambogo University is currently facing a challenge. A substantial amount of UGX 6,000,000,000 remains unallocated, leading to tensions between staff demanding salary harmonization and management proposing to use the funds for recruitment.

To avoid un necessary un rest among the staff members and a potential industrial action scheduled for August 8, 2024, I kindly request for your clarification regarding the intended use of the UGX 6,000,000,000 allocated to Kyambogo University. (***also see attachment 2***)

I look forward to your prompt response.

Yours sincerely,

Okello Musa
General Secretary
